

LIMITED CONSENT AGREEMENT FOR EVALUATION FOR ELIGIBILITY FOR OVI DOCKET

I, _____, agree to be interviewed and evaluated to determine if I may be eligible for admission to the OVI Docket (Docket). I understand that the Docket is a voluntary program of the Delaware Municipal Court. I have read Items 1 through 4 below. By signing this form, I am asking to be screened and evaluated for admission into the Docket.

1. I agree to be interviewed by the Community Control Officer or Docket Coordinator. I will give truthful and accurate answers to the questions I am asked in my screening. I understand that my answers will be used to make an initial decision about my eligibility to be admitted into the Docket.
2. Based upon whether I meet the minimum eligibility standards, I agree to be evaluated for drug and alcohol issues by a licensed treatment provider. I agree to report for the evaluation within two weeks of completing the initial interview. I understand that the Court will issue an order for the drug and alcohol assessment. I will give truthful and accurate answers to the questions I am asked in my drug and alcohol assessment.
3. I understand that members of the Docket Team, which includes the Judge assigned to the Docket, the Community Control Officer, and the Docket Coordinator, as well as representatives of treatment providers working with the Docket, may review, discuss and share with each other the information I provide in the interview and assessment. I agree to sign a consent form allowing the treatment provider to share and discuss the results of my drug and alcohol evaluation. I waive my right to have my attorney present as the Team meetings during the eligibility process.
4. I understand that any statements I make during the admission interview and the drug and alcohol assessment is confidential except for determining my eligibility for admission into the Docket. I understand that completing the preadmission screening and assessment for the Docket does not guarantee my eligibility or admission to the Docket. If I choose not to participate in the Docket or am not admitted to the Docket for any reason, then this Limited Consent Agreement is immediately invalid and no results of the eligibility process may be used in any proceeding in court on the underlying OVI charge(s) or otherwise shared.
